

## Project Funding Request Form

### Introduction/Purpose:

The Upper Columbia Conservation Commission (UC<sup>3</sup>) was created in 2017 by the Montana Legislature to enhance aquatic invasive species (AIS) early detection and rapid response efforts through increased coordination and collaboration between organizations within the Columbia River Basin in Montana. The mission of the UC<sup>3</sup> is to protect the aquatic environment in Montana tributaries to the Columbia River from the threat of AIS in order to protect water resources, downstream interests, and the economic and ecological vitality of the region.

The UC<sup>3</sup> accomplishes its mission through five strategic actions, those are: Education & Outreach, Monitoring & Citizen Science, Coordination & Collaboration, Policy & Legislation, and Business & Administration. For more information on the UC<sup>3</sup>'s strategic priorities, please visit our [website](#) to view our strategic work plan and current projects.

### Request for Funds:

The UC<sup>3</sup> is open to providing program support and coordination to partners working on projects that align with the commission's mission and priorities within the Upper Columbia Basin of Montana. If you have a relevant project you would like to partner with the commission on, please fill out the following form. The request will be reviewed initially by the UC<sup>3</sup> Executive Committee and then go to the full commission for consideration.
